BLUE MOON BBQ SAUCES & MARINADES

CAROLINA RED... This is my marquee sauce developed over the last 35 years. Use it to marinate and/or glaze a large assortment of meats, poultry, seafood and veggies. Chicken, Pork Ribs, Steaks and Shrimp are just some of the preferred uses. CAROLINA RED can also be used as a base for Hotdog Chili (just add pre-browned ground beef), baked beans (add beans, onions, Worcestershire sauce and bacon), meatballs, table top Steak Sauce, and dip for chips.

CAJUN RED... This is a spicy version of the CAROLINA RED with some typical Cajun spices added. It was one of my first custom sauces and used in a popular restaurant in a marquee dish and as a table top steak sauce.

CUSTOM LABELS

Each sauce or seasoning can be customized with a signature label with your name, your recipients name, your groups name or

Made Especially For

YOUR NAME

OLE YELLER... Our rendering of this classic South Carolina / Low Country Basting and Table Top Mustard Based BBQ Sauce. Like my other sauces, some sweet with the sour, just not dripping with gooey calories. Excellent on Chicken, Pork and of course Shrimp.

RED RIVER BUFFALO SAUCE

A great twist to this classic sauce quickly becoming our new favorite.

GOLD RIVER BUFFALO SAUCE

A smooth blend of our Red Buffalo with mustard and spices. YEP! Its really good.

MOJO CRIOLLO... Our version of this classic Caribbean Marinade. This is my new favorite because of its versatility. MOJO is truly good on almost everything, veggies & seafood included.

BLUE MOON SEASONINGS

BLUE MOON YEP SHAKE... Not just for Steaks and other meats, but great on Seafood, Eggs and Veggies. Use as a Rub or Table Top. Our number one repeat seller.

BLUE MOON PARMESAN PAPRIKASH... Great on poultry, seafood or veggies. You gotta try this shake.

BLUE MOON FAJITA SHAKE... Great on any Southwestern dish and more
